Everything I meant to you is dreamed up in my head  
Never thought we'd walk away and pronounce this love as dead  
Ah, but how you Virginia pretend not to care  
and I, I never cry when your there  
But you've got me down on my knees  
I can't leave my baby behind  
I look to the sky and say please  
God won't you tell me some  
Will we ever get back together again, and I wonder  
I don't know if I can just go on as a friend. Just as a Friend.

Every time I see your face I slip back into time  
Then you go I can't believe that you're no longer mine  
Ah, but how you Virginia pretend not to care  
And now you got your other man there  
And I just keep playing around  
Looking for love to replace you  
And just when I think that I found her  
I start turning around  
Will we ever get back to gather again, and I love you  
I don't know if I can just go on as a friend. Cause I love you Virginia.

We brought her into the world  
Not knowing which house was her home  
I give up my life for my girl  
But I keep walkin' alone and asking myself again  
Baby, will we ever get together again  
Will we ever get together again  
Oh Virginia, I don't know if I can just go on as a friend.  
Cause I love you Virginia.
